

GREEN CAMPUS

Prasanta Chandra Mahalanobis Mahavidyalaya comprise of a lush green campus with green lawn, landscaping with trees, plants and a beautiful waterbody. Our college premise also has a Medicinal plant garden named *Poshan Vatika* which has been set up by the department of Food and Nutrition of our college on 27th September, 2023 with the aim of preserving the valuable medicinal plants in our campus. Ours is an eco friendly green campus which is very environment friendly. Our campus motivates students and staffs to ban the use of Plastic inside the campus- Use of Bicycles as means of transport in highly encouraged both for staffs and students, a bicycle stand is available in the campus for parking is encouraged (bicycle stand). Our college uses separate bins for wet waste, non-biodegradable waste disposal and e-waste disposal. E-waste bin has been installed in our college in the year 2023. Our campus also is a solar panel enabled campus, it has installed solar panels for generating solar power and saving the natural resources. Rain water harvesting is also practiced in our campus, adding another feather to green campus initiative.
