## State Level Webinar on “International Day for the protection of the Ozone Layer” organized by Department of Geography

Date: 16.09.2021

Time: 12:00 noon onwards

Venue: Online Google Platform

Number of Participants: 71 (Including Teachers, Students, All Faculties)

**Name and Designation of Resource Person(s):** Dr. Panchali Majumder, Associate Professor in the Department of Geography at East Calcutta Girls College, served as the distinguished resource person for the webinar. With her expertise in environmental studies, Dr. Majumder provided valuable insights into the importance of the ozone layer, its depletion causes, and the measures to prevent further damage.

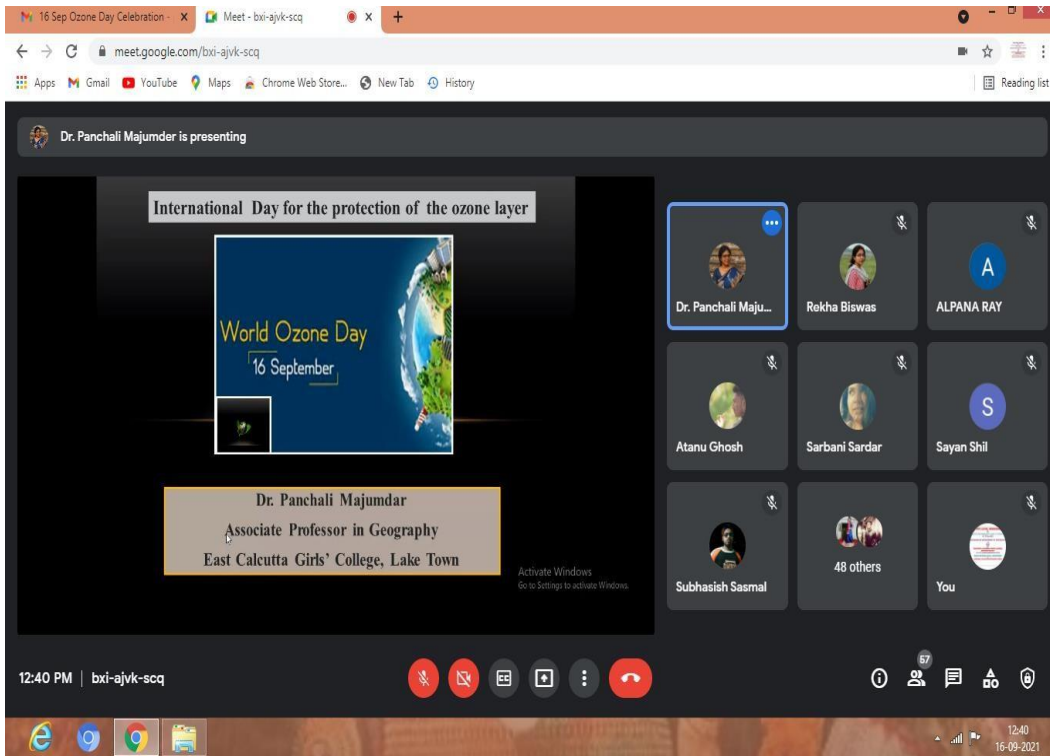

**Organizing Committee:** Department of Geography and IQAC.

### Brief Report:

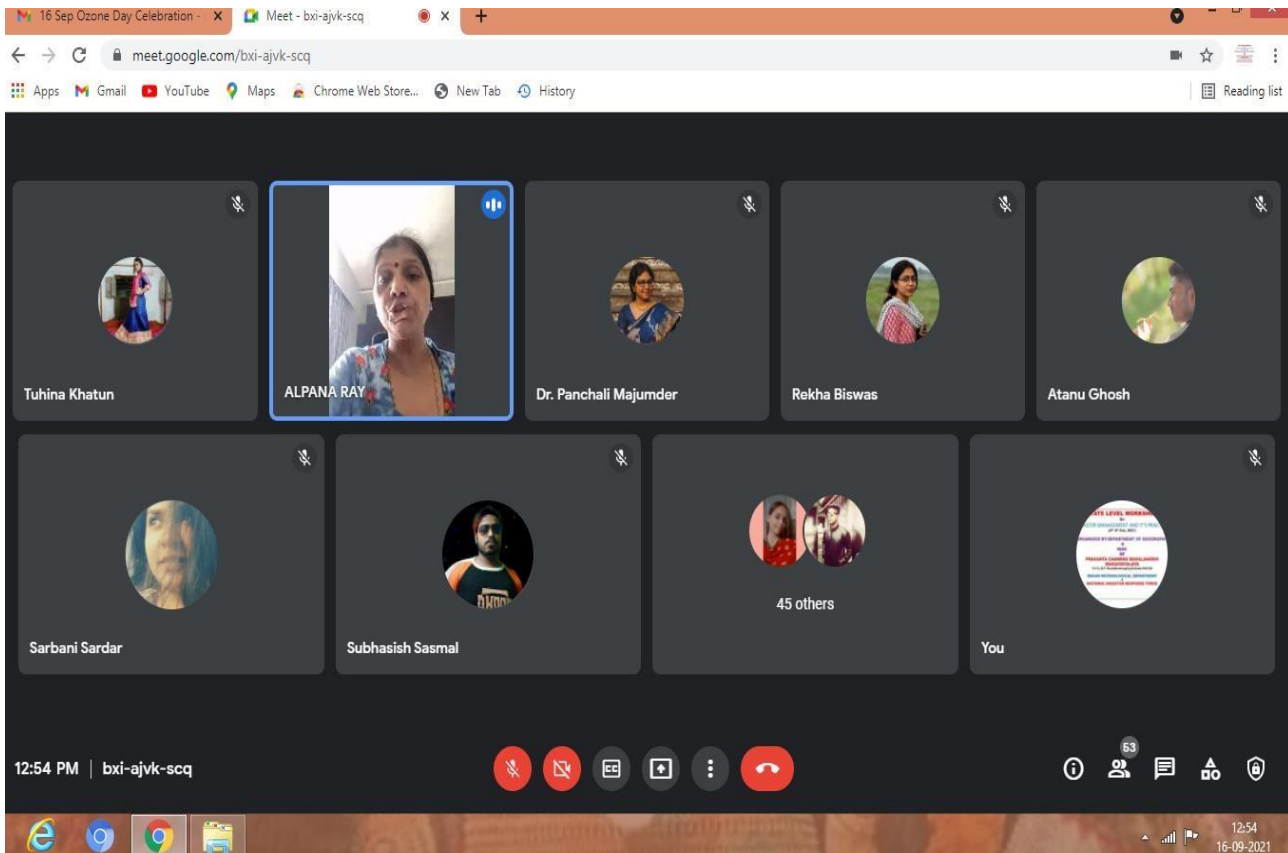

1. Introduction to Ozone Layer: The webinar began with an overview of the ozone layer, emphasizing its crucial role in protecting life on Earth by filtering out harmful ultraviolet (UV) radiation from the sun.
2. Causes of Ozone Depletion: Dr. Majumder delved into the primary factors contributing to ozone depletion, including the release of chlorofluorocarbons (CFCs), halons, and other ozone-depleting substances into the atmosphere.
3. Environmental Impacts: Participants gained insights into the environmental impacts of ozone depletion, such as increased incidence of skin cancer, disruption of ecosystems, and adverse effects on agricultural productivity.
4. International Initiatives: The webinar highlighted global initiatives, such as the Montreal Protocol, aimed at phasing out ozone-depleting substances and promoting sustainable alternatives.
5. Role of Education and Awareness: Dr. Majumder underscored the importance of education and awareness campaigns in fostering environmental consciousness and promoting individual and collective action towards ozone layer preservation.

The benefits of such seminars are as follows:

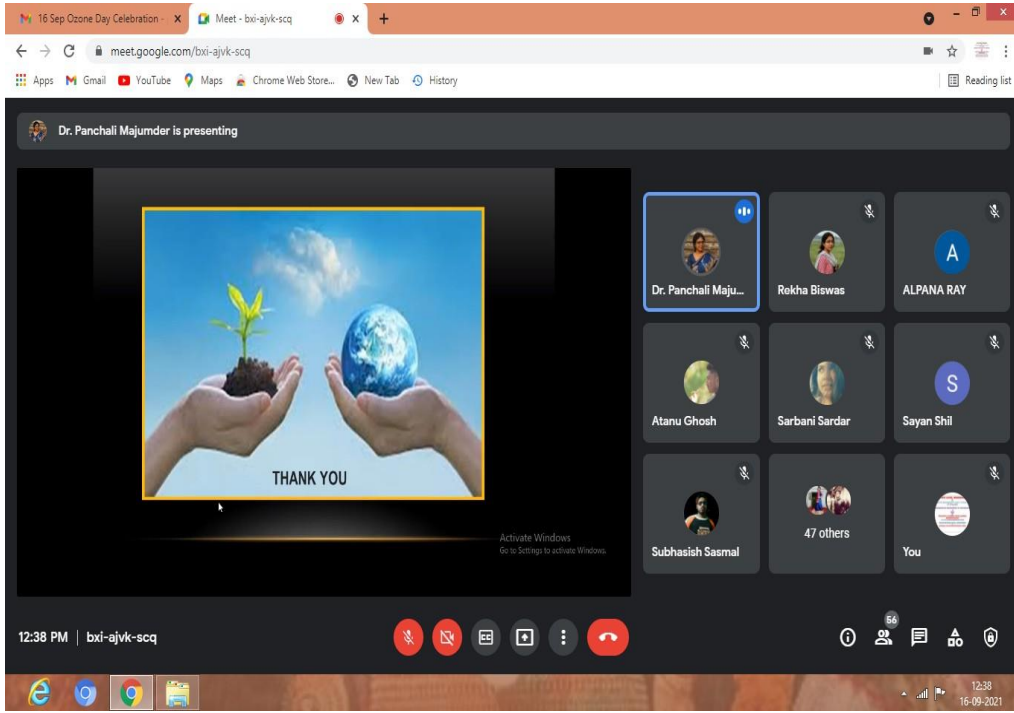

- Following the presentation, an interactive session was conducted, allowing participants to engage with Dr. Majumder through questions and discussions. Attendees had the opportunity to clarify doubts, share insights, and discuss strategies for local environmental conservation efforts.

### Attendees attending the webinar

### Speech by IQAC Coordinator, Dr. Alpana Ray

**Thank you speech by the speaker.**
