# COMPETITIVE EXAMS

Life is a race... if you don't run fast... you will lose the game...

**Introduction:** To prepare a student for this challenging path, the institution has developed an online portal for competitive examination known as Entry-in-Service.

1. An online portal linked to college website that can be accessed by students through their student ID to prepare themselves for competitive examinations.
2. The mobile friendly app provides model questions on logical reasoning, general knowledge, mathematics and English, along with answers and explanations.
3. Regular offline classes are undertaken as mentioned in the college timetable for a one-to-one grooming to show them the entire process of the examination and address their personality development.
4. Final year students often lack awareness regarding ways to prepare themselves for Competitive examinations.
5. Approximately 48000 questions at present can be solved without purchasing any personal books or taking admission in specialized coaching.
6. When students are newly admitted to the College, they are explained about this system in an orientation programme.

## Objectives:

1. It does not only judge the pre-existent talent of students but nurtures their development and management skills
2. It exposes them to a wide variety of available choices through providing them with a vast knowledge bank including questionnaire on English language, General knowledge, logic and reasoning, basic mathematics and other learning skills
3. The wide-ranging repository enables them to identify how to approach various job opportunities beyond their immediate fields of study like banking, insurance sectors, railways, teaching, other public service examinations along with vocational courses so that they may identify their suitable talents and excel in the relevant fields
4. The portal includes evaluative questions in test examinations to be completed in a time-bound manner.
5. The offline classes encourage students to work in team-based work and develop peer management skills.
