

Result Analysis of Third (Final) Year / End semester i.e. Semester VI

2021-22

We have analyzed the results of end semester i.e. Semester VI 2021-22, examination held in June-July 2022. After long discussion with the faculties and students the University adopted the method of on-line examination as classes were disturbed from January to March due to second phase of the pandemic. Here also the students scored good results and all the students have passed the examination. However, the University did not allow the students to appear at Semester VI if they had any back paper in previous semester/(s). Full marks were awarded for attendance.

Action Taken Report:

All of us hope that the pandemic time will be over and normal situation will come. So, in future we have to be more careful and in no way be complacent about such good result.

- Students of semester I to V have been repetitively made aware that in future they will not get the benefits of attendance or on- line period's leniency.
- Utmost efforts were taken to re- accommodate the digitally divided and drop outs in the main stream of undergraduate courses.
- Pass out students not engaged in higher studies/job were asked to keep contact with us through the Alumni Association so that they can be given proper training through add –on –courses in order to make them eligible for job market.
- Teachers were equipped with constructive academic plan embedded by ICT enabled teaching –learning.
- To overcome the psychological effect of pandemic students were motivated through the mentor-mentee process. Students were encouraged to access the library in digital mode.
